## DL LEAFLET TEMPLATE

99 x 210 mm Portrait, Front

**DON'T FORGET TO DELETE THE TEMPLATE LAYER BEFORE SAVING YOUR FINAL ARTWORK.**

### BLEED

Allow 3 mm bleed all round your document. Any content in this area will be trimmed off in the final trimming process, but allows for a clean trim finish.

### SAFE AREA

Keep all important text, images or content out of the SAFE AREA.

It is advisable to allow a 10 mm SAFE AREA on all sides from the trim edge of your document.
